Richard Clark's performance here at the Morrill Memorial Library in Norwood was extremely well-received by the almost full house audience. The viewers learned much about the character of CLARENCE DARROW as well as many of the court cases he participated in. Clearly Mr. Clark enjoyed what he was doing and presented a very well-crafted, imaginative, and educational program. From a librarian's viewpoint Mr. Clark was very easy to deal with regarding set-up, paperwork, general communication, etc.

Highly recommended!
